To The Secretary to the Government of Madras,
Development Department.

Sir,

(R) ✓

Reference.- G.O.No.Ms.1167 Development dated 28th June 1941.

✓

In the G.O. quoted above, the Government approved the suggestion of the Director that the teaching of English in Fisheries schools might be continued in complete lower elementary schools with not less than 10 pupils in Standard which have higher elementary schools in the neighbourhood, and sanctioned the conversion of seven posts of higher elementary grade teachers into an equal number of secondary grade teachers for teaching English and for employment as Headmasters. The posts of Headmasters in the following seve schools have been declared as secondary grade posts and secondary grade trained teachers have been posted thereto with effect from the dates noted against each:-

6) Kottakadapuram school. 12th August 1941.
7) Polippu school. 15th October 1941.

2. In Director's letter No.2636-C/39-17 dated 22-3-1941, it was stated that the teaching of English would have to be continued in 20 schools. For teaching English in 20 schools, twenty teachers of the secondary grade are required. Since there are nine partially qualified teachers who underwent secondary grade training at, and hold secondary grade teachers certificate issued by the Fisheries Training Institute, Calicu and who will continue to hold higher elementary grade posts, eleven fully qualified teachers have to be appointed as secondary grade teachers. In the last paragraph of Mr. Green' letter No.2636-C/39-17 dated 22nd March 1941, it was stated th... four posts of Headmasters in the South Kanara district and seven posts in Malayalam schools required to be converted into secondar grade. The sanction conveyed in G.O.No.Ms.1167 Development, dated 28th June 1941 is for the conversion of only seven posts. This was, however, based on paragraph 3 of the Sub Assistant - Director's letter No.3731-F/39 dated 16th May 1941, a copy of whi was forwarded to Government, with Mr.Green's letter Ref.No.2636-F.../ 39-20 dated 22nd May 1941 in reply to Government Memorandum No.25471-E/39-11 dated 3rd May 1941. Since the four qualified teachers are employed in Higher elementary grade posts, the conversion of these posts too was necessary. By an oversight this was omitted to be pointed out both by the Assistant Direct of Fisheries(Coast) and by this office.

3. The school at Palapatty, one of the twenty schools referred to has been raised to a higher elementary school with a secondary grade teacher as Headmaster in G.O.No. Ms.996 Development dated 30th May 1941. The Assistant Director of Fisheries (Coast)reports that from March 1941, the strength of Standard V in the Veliangode school -- another school among the 20 schools already referred to -- is below 10 and that the present strength is only eight. He also reports that it will be possible to continue the teaching of English in the Kundazhiyur school one of the 20 schools, by employing a teacher possessing the secondary grade trained teacher's certificate but not qualified for the secondary grade scale of pay. Thus, if these three schools are omitted for the purpose of calculating the number of secondary grade posts required to continue teaching English, there still remains one more school in which the appointment of a secondary grade teacher is necessary. This is the school at Malpe, the present strength in standard V of which is reported to be 13. This is a permanent school. Since a permanent secondary grade teacher is required for employment as Headmaster in this school, and, as the Hejmadikodi school where the post of Headmaster has already been converted into that of secondary grade is only a temporary school, I suggest that the sanction may be utilised for the Malpe school in place of the Hejmadikodi school. As, however, the post of Headmaster in the Hejmadikodi school has already been converted into that of secondary grade with effect from 7th July 1941, I request that sanction may be accorded for the conversion of a temporary higher elementary grade teacher into a temporary secondary grade teacher for employment as Headmaster, Hejmadikodi school, with retrospective effect from 7th July 1941. 1A

4. The extra expenditure involved in the proposal can be met out of the provision in the current year's budget estimates.

Re Opening Fisheries Schools. Teaching of English. Secondary grade Teachers

—

From the D.I to. no. 2265 F.C./41 d. 1 12/41.

To D.S.

Dw G.O. no. 1167 Dw. d. 28.6.41 the Govt. permitted the teaching of English in Complete lower Elementary Fisheries Schools with not less than 10 pupils in Standard V which have higher Elementary Schools in the neighbourhood. On the Question it was reported that there were 20 such Schools. The Director then reported that four fully qualified Secondary grade teachers, and 9 teachers holding Secondary grade Certificates issued by the Fisheries Training Institute, Calicut, who were eligible to teach English, but not to draw the Secondary grade pay, were available. On the G.O. cited Seven posts of Higher Elementary grade teachers were converted into equal no. of posts of the Secondary grade to make up the 20 teachers required for teaching English.

2. The Strength of Standard V in Valiyaparamba School, one of the 20 Schools

now being below 10, the Director proposes to teach English only in 19 Schools. (As already stated 7 posts of H.E. Grade have been converted into equal no. of posts of the Secondary Grade. In G.O. 956 Dw. d. 30.5.41 the employment of Secondary Grade teacher at Palghatt Y School, one of the 19 Schools, was sanctioned. It has already been stated that there are 9 teachers of the Secondary Grade eligible to teach English, but not to draw the Secondary grade pay, available. The Director now reports that another such teacher can be employed. (He also states that the four fully qualified Secondary grade teachers mentioned in para 1 above, are holding only H.E. grade posts, which should be converted into Secondary Grade posts). Hence qualified teachers are available to teach English in 18 Schools. One more teacher of the Secondary Grade is required for teaching English in the 19th School. The Director's proposal to convert a temporary H.E. grade teacher into a temporary Secondary grade teacher for employment as Headmaster, Thejmahikodi School, with retrospective effect from

from 7.7.41 may be approved. A draft order is submitted. It may go to Fin for acceptance.

The draft order may be accepted subject to the remark that the sanction may take effect from the date of the order. Retrospective effect from 7.7.41 appears to have been sought for to benefit the holder of the post of headmaster of Jalpa Khas from that date. It does not seem that this personal consideration can be justify a departure from the usual practice of giving effect to a sanction from the date of the order. If this suggestion is agreed to, there will be two posts - one tenable with effect from 7-7-41 (in lieu of the sanction already attached to the Hegrapadi/Kodi School) and the other from the date of the order (the sanction for the new school at Halpe) and it will be open to the District to assign the benefits of these posts as an internal arrangement.

The Fisheries school at Hejmadikodi is temporary and since the post of Headmaster has been filled by a secondary grade teacher with effect from 7th July 1941, sanction was applied for the conversion of this temporary post from Higher Elementary grade to Secondary grade on and from 7th July 1941. The conversion of the permanent post of Headmaster in the Malpe school will take effect from the date on which a secondary grade teacher is actually employed. In G.O. No. Mis. 2374 Development dated 22-12-1941 the conversion of the post of Headmaster in the Hejmadikodi school is ordered with effect from 22nd December 1941, while the post was actually converted on 7th July 1941. The date of conversion, therefore, requires rectification.
